For those, who wants to give a truly unique and personal gift, startup UNIQUE Fragrance is offering a special service. On www.uniquefragrance.com individuals can create their own fragrance in a personalized bottle. Experienced perfume experts are available for help with the creation. The various fragrances from pink grapefruit to white musk can be combined in 150 billion unique variations, according to the recipient's preferences. The bottle can be labelled with a name, a personal love message or a picture. The company even created a fragrance for Gwen Stefani & Blake Shelton already ([see online](#)).

The manufacturer is producing all perfumes and colognes in the heart of Europe. Fragrances are from French Provence and the sunny hills of Italy and Spain.
